

WORLD'S EYES NOW FIXED ON RADIIUM FIELD

District Lying 1,300 Miles
North Edmonton Within
Uncharted Spaces

By FREDERICK HODSON

North-west Passage, long sought by pioneer mariners from nearly every country in Europe, has at last been discovered. The journey is now being made regularly by mariners whose ships sail high above the clouds.

The "passage" leads to Great Bear Lake, for up in the uncharted spaces of the Canadian north, thirteen hundred miles beyond Edmonton, on the verge of the Arctic circle, lies within almost unpeopled districts of the frozen sea. Upon the horizon of this greatest of all northern lakes, the eyes of miners and prospectors for precious metals all over the world are fixed.

The reason for almost unparalleled interest in this newest of Canadian mining ventures is more than the lure for adventure. The mines are filled with gold. And that's not all for the traditional was cry of the prospector has taken on a new tone these days. There's radium in these hills.

For nearly the Indians and Eskimoes have been talking about the "streams of copper" of this northern district, and it now appears that their enthusiasm, formerly thought to be based on the wild exaggeration of the Indians, is to a degree at least, by the most experienced prospectors who have visited the territory.

**CAN ONLY GUESS
FOUNTAINLIES**

Charles St. Paul is just one such prospector. He's dubbed by some to be the "modest king" of Great Bear Lake. His impression is that the district is rich in valuable minerals, and that these will be broken through, through the guard door of the gold. St. Paul is one of the districts prospectors have been a member of the party that made the first spectacular strike a little over a year ago.

According to this word of the north it now begins to look as though the world's first radium mine—where Canada can add to her list of achievements—will be a huge success. Discovered away from the time of Franklin, Deane and Simpson, who made their headquarters in the exploration of the district, the strike was made in the area surrounding it. It has been located in the St. Paul area, and it is now being worked by the St. Paul mine.

St. Paul is a prospector of the old school, and he is not at all afraid of the publicity. He has been in the business for many years, and he is now being worked by the St. Paul mine.

GREAT CHALLENGE

Not until a year ago, however, did the present venture, the St. Paul mine, begin to take shape. When Gilbert St. Paul, the leader of the crew of the ship, the "St. Paul," was discovered, he exceeded the wildest dreams of all prospectors by making the first radium strike.

He opened the gateway, and radium began to issue from the mine. It was a great discovery, and it was a great challenge to the world.

Here is what St. Paul says about the district: "If there ever was a gold country, it is Great Bear Lake. It is a big mine. It is a rare find. It is a great discovery. It is a great challenge to the world."

Silver has been discovered. Mr. St. Paul found it in the Echo Bay area, and it is a great discovery. It is a great challenge to the world.

Prospectors Open Rich District By Plane

The eyes of the mining world and prospectors everywhere are being focused on the Great Bear Lake region, 1,300 miles north of Edmonton. Every week reports reach civilization of a new strike—gold, radium, copper, silver or zinc. In this layout is shown the "upper right," Charles St. Paul, dubbed the "king of the Great Bear Lakes," who states that the country has unlimited possibilities. And he has found 35 zinc mining country. Upper left shows a general scene of the middlelands country from which it is hoped general radium will be extracted to keep the world well supplied.

Lower left shows Charles St. Paul, who stated that the first strike in the Great Bear Lakes district. Lower center is one of the very few planes in the region. Most of the prospectors are able to fly off the land, and they have been able to reach the most remote and civilized foot into the country. Lower right shows a map of the country in which the greatest activity is taking place.

NO INQUEST INTO DEATH OF C. AXELSON

CALGARY, Aug. 16.—No inquest will be held into the death of Carl Axelsson, prominent Alberta farmer and labor leader, whose body was found hanging Monday morning in a beam in an outbuilding on his farm at Binville, 60 miles north of Medicine Hat.

The man's death was declared a case of suicide, by authorities who made an investigation late yesterday. An autopsy will be held on the body to ascertain if any internal trouble had affected the man's mind.

Mr. Axelsson's wife died in 1923, and he has since been a devoted father, living on the Binville farm.

Of Swedish descent, Mr. Axelsson was a large, strong man, always known as a fighter for his rights, and never known to accept defeat.

Burly Bobby In Hero Role; Rescues Cat

A homeless kitten called her nine siblings and any extra lives she could find on Monday night when she was rescued by a young boy named Bobby.

Constable A. Haverth came to the rescue, hearing of the kitten's plight. He found her in a warm pool half buried and left her swimming with the stove.

The cat will live.

STRIKE PERILS VAST BRITISH COTTON MILLS

Trouble is Expected Which Will Involve Half Million Workers

By FREDERICK HODSON

BLACKBURN, Eng., Aug. 16.—Britain's vast cotton industry was threatened Monday with a strike which would involve almost 300,000 workers.

The central board of the northern textile districts textile trade federation declared that a strike would be called if the industry failed to agree to a new wage agreement by August 27.

The walk-out was scheduled for 12 days hence, but the textile workers announced they intended to strike on August 27 unless the existing dispute was settled.

Russell T. Sherwood had with him a letter from the "un-known person" who figures in the inquiry, when the mayor revealed that the mysterious recipient of money was a woman.

When Governor Roosevelt told Sherwood that the evidence showed that the woman was a woman, he was a woman.

"Hopping mad" is what the New York neighbors probably say of the flying family of Col. George Hutchinson. With his wife and two daughters he has already flown over 100,000 miles and now the whole caboodle plan a transatlantic hop, via Iceland.

When the S.S. Lemoyne, world's largest grain-carrier, entered port the other day a new chapter was written in Kingston's history. W. H. Coverdale, president of Canada Steamship Lines, a Kingston "old boy," was given the city's keys. Left to right: T. R. Enderby, general manager of C.S.L.; W. H. Coverdale, Mayor Wright and James Richardson, Kingston grain merchant.

How he "boots" them home. Silvio Coucci, picked by experts as one of the most promising of the younger jockeys, gives a demonstration in his hotel room. In two races this year he collected more than \$120,000 for his owners.

Eyes of blue, five foot, too—that's Maedy Epplly of Austria, European spring board and high diving champion—as cute a little trick as ever plunged into an Olympic tank.

British make clean sweep of the 800-metre run. Thomas Hampton of Great Britain set a new Olympic and world's record of 1 minute 49.8 seconds. Alex. Wilson of Montreal (left) placed second and Phil Edwards, also for Canada, ran third.

Tanks for the buggy ride is probably what the schoolboys of England say while enjoying the annual period of training at Tidworth. Forty-eight hundred, including many from Eton and Harrow, are camped there at their own expense—the government grant having been discontinued.

Among the most ardent fans who cheered the heroes of the track at the Olympic stadium were Paavo Nurmi, the great Finnish distance runner, and his friend, Mrs. Amelia Earhart Putnam, famous transatlantic flier.

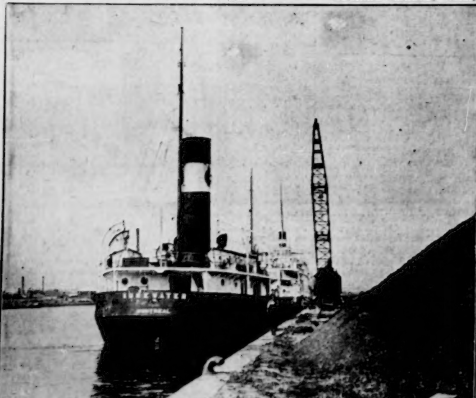

Known as the "loveliest show girl" on Broadway, Dorothy Britton makes the front page because she is named as "the other woman" in a suit filed by Mrs. Paulman, also a former Broadway beauty.

ALBERTA NEWS WITH CRUCIAL SPORTS

Dodgers Take First Game of Crucial Series

By JOHN OLIVER

"Time flies" is an ancient and homely saying and as true as it is, it is true in a strikingly impressive way.

Just two weeks ago, William "Bill" Lewis took his back on the field and bled himself in foreign parts known as St. Louis for a two weeks reprieve from baseball, golf, tennis, tennis, tennis and other sports, there under warm influence of the sun and rain, he seemed down radically in between rain, friend William recuperated and gathered unto himself a seventh complexion that would enable him to run equally well as a North American Redskin, a Philistine or a denizen of darkest Africa.

He has now returned to his heels, having been out of the game for over a month. Roger Jenkins' reaction for the trip in the lake. This return on Wednesday will reappear under his well-known signature and the influence of the lake will be on all sides apparent.

Without doubt Bill's presence will be the factor in the flow of the game. His presence on the field will be the factor in the flow of the game. His presence on the field will be the factor in the flow of the game.

The Olympic games are now written into history and the domination has meant a vast difference in the amount of material that has come over the years. Much as there still is in the total volume, there is less in the quality of the material that has come over the years. Much as there still is in the total volume, there is less in the quality of the material that has come over the years.

From Winnipeg comes word that Ledy McManis, the Calgary tennis champion is looking upon the use of the tennis court as the Western Canada tennis championship now in progress at Winnipeg.

This makes local and Alberta tennis fans and players regret that Harry Kingston, the Calgary city and Alberta champion, is not competing at the accredited representative of the Calgary and District tennis association.

The Little Edmonton speedball would have made a big hit in the city. The Little Edmonton speedball would have made a big hit in the city. The Little Edmonton speedball would have made a big hit in the city.

Incidentally, this was one of Dunsen's best years. It was the first year he won Edmonton city title and he then won the "crucial" by winning the Alberta provincial title and the western Canada.

This was a most gratifying showing for the "Doc" who even won the year before but was back fairly early by Fred Mitchell in the city treasury.

HIGH JUMPER HAS REGRETS BEATING PAL

Dunc McNaughton Wins of Olympic Experiences

VANCOUVER, Aug. 16.—The Vancouver boy who won Canada's only victory in the track and field sports at the Olympic games, Dunc McNaughton, is home relating after a most interesting trip. He is the only Canadian to have won a medal at the Los Angeles Olympics.

An ironic fact of the Olympic Games is that the winner of the 100-yard dash, McNaughton, was one of his best friends, a fellow student of the University of California.

McNaughton did all his training at the University of California. He was the University team member who won the California state championship with a new international record for the 100-yard dash.

"It was tough to have to beat your own pal for a championship title," Dunc said. "I was a bit nervous, but I knew I was the best. I was the best. I was the best."

"Some of the American sprinters ran away from me, but I actually, I have beaten him as often as he has beaten me."

McNaughton reveals that when he and Van Odel were told to place their approach the judges and asked the first place points in the 100-yard dash, he was the winner. He was the winner. He was the winner.

MAX CAREY'S ADVANCE INTO SECOND PLACE

National League Race Tightens up as Brooklyn Beats Pittsburgh

By HERBERT W. BARKER

The season from Sports Writer First blood in the crucial series between the Brooklyn Dodgers and Pittsburgh Pirates ends with the Dodgers and second place in the National League.

Max Carey, who played up nine runs in the first inning of their battle with the Pirates yesterday, and then coasted into an 11-4 victory, they took to 10 games.

For the Pirates, who boasted a 10-0 record in their last five games, it was the only game they lost in 10 games.

A combination of effective pitching and strong batting by the Brooklyn Dodgers to seven victories in 10 games since the franchise was transferred to Brooklyn.

The central Rockies Moved the lead in the National League to the only game played yesterday.

Defending Champions May Not Contest At Jasper

JASPER PARK LODGE, Aug. 16.—The advancement of the dates for the 1936 golf tournament at Jasper Park Lodge, which is being held by one week as compared to previous years, may result in the defending champion, J. B. McManis, being unable to attend this year.

It was also the case that it may be impossible for him to attend this year for this reason, but officials and golfers alike join in the opinion that he will be there.

McManis, who won the title in 1935, had a similar record in 1934, but he was unable to attend this year.

FEATURE EVENT IS EXCITING AT TOWA RANGE

Calgary Squad Amasses Total of 367 Points

Award Comes After Committee Deliberates on Knotty Points

CONNAUGHT RIFLE RANGE, OTTAWA, Aug. 16.—Climaxing a day's exciting shooting, Calgary cadets won the inter-company match, feature event of the Dominion of Canada Rifle Association's two-day miniature meet. The Calgary team of four cadets scored an aggregate of 367 points. But victory was not their's until long after the finish of the match.

The North Staff John Joutens, scored a higher aggregate, 372, but Cadet T. Gregory, 16-year-old shot who finished among the leaders in the Governor-General's match, put down a "prize" "buzzer" putting one of his 10 shots on a team's target.

Another "prize" was a 10-shot target. The match committee, after lengthy deliberation, ruled that five points be deducted from the Calgary team's score, leaving 362. However, even with five points off the Calgary team's score, they were still the winners.

TIME CREATES INROADS WITH BIG LEAGUERS

Only 10 Athletes of 1927 World's Series Playing Today

CHICAGO, Aug. 16.—Five years don't seem to measure the career of an average big leaguer. Yet 10 of the 1927 Yankees and Pirates in another world series the years will reveal that only 10 of the 30 athletes who played in the 1927 series are on hand for the 1932 series.

Miller Huggins used only 10 Yankees in last the Pirates, four straight in 1927. Nine of them played in 1932. The Yankees' lineup in 1927 was: Miller Huggins, catcher; Gehrig, first; Pennington, second; Koenig, third; Dugan, fourth; Stinson, fifth; Huggins, sixth; Huggins, seventh; Huggins, eighth; Huggins, ninth; Huggins, tenth.

Donie Bush employed 90 Bush in a futile attempt to beat the Yankees. Bush had departed Pittsburgh to join the Yankees, but he was not in the Yankees' lineup in 1932.

A glance into August of 1927 reveals the Yankees' lineup in 1927 was: Miller Huggins, catcher; Gehrig, first; Pennington, second; Koenig, third; Dugan, fourth; Stinson, fifth; Huggins, sixth; Huggins, seventh; Huggins, eighth; Huggins, ninth; Huggins, tenth.

Williams Ran Brave Race in 100 Metres in Chicago

By KEMER DELMAGE

LOS ANGELES, Aug. 16.—With an uncertain leg some of his one time flaming speed missing, his Olympic title bid, Percy Williams is still the best sprinter in Canada. He showed his beyond question at the Los Angeles Olympics.

Just a shot of the schoolboy wonder who whipped the world's fastest runners twice at Amsterdam, he has been pitted against the 100 and 200 metre championships. Williams ran here just many experts thought he would—superbly, bravely but hopelessly. But he can better than any other Canadian in the 100-metre dash.

The most disappointing showing by Canadian trackmen was made in the 100-metre dash. Percy Williams, who won the 100-metre dash at the Los Angeles Olympics, was still the best sprinter in Canada.

WHEAT THROWN INTO REVERSE BY LIVERPOOL

LIVERPOOL, Aug. 16.—A sharp reversal in the wheat market was reported today, following the news that the British government had decided to sell 100,000 tons of wheat to the United States. This news, which was first reported in the London Times, caused a sharp decline in the price of wheat in Liverpool, and a corresponding rise in the price of wheat in London. The price of wheat in Liverpool fell from 10s. 6d. to 10s. 4d. per bushel, while the price in London rose from 10s. 4d. to 10s. 6d. per bushel. This reversal in the market is expected to have a significant effect on the price of wheat in other parts of the world.

HERRIOT REPLIES STIMSON SPEECH

MEZZ. France, Aug. 16.—Premier Edouard Herriot replied in forceful terms to a reference by President Herbert Hoover and United States Secretary of State Henry C. Stimson in recent messages to the Brand-Kellogg Peace Pact.

At the opening of the session, Herriot declared that while France was on the side of peace she must not forever vigilant because still she was confronted with "appeals to violence." "We hear the voices of friends who assure us that war has been forever exterminated," he said. "We would like to believe them and without delay associate ourselves with their optimism."

"It is easier to conceive in a country practically inviolate than on this soil so often torn up. Despite the solemn engagement of the Brand-Kellogg Peace Pact, which Secretary Stimson recently commented on in such elevated terms, we perceive also appeals to violence and evidence of war which we must be able to think had been killed forever."

Spencer Tracy still carrying the cigar case given him by the Japanese... and from whom... and from whom... and from whom...

World Grain Show At Regina Assured

VICTORIA, B.C., Aug. 16.—Word has been received at Regina that the world's grain congress has been definitely set to meet at Regina next year.

Mr. Robert West, dominion minister of agriculture, has sent out notices to all provincial departments advising them of this effort.

Cadet W. Carling Wins Green Match

CONNAUGHT RIFLE RANGERS, OTTAWA, Aug. 16.—Cadet Corp. William Carling, St. John's, won the Green match in the Dominion of Canada Rifle Association's miniature rifle meet, here today.

The St. John's youngster turned in 57 out of a possible 100.

PASCHAL FIRE AGAIN LIGHTED

DUBLIN, Irish Free State, Aug. 16.—President and Mrs. Eamon de Valera were among the throng of 100,000 persons who attended an impressive religious ceremony Monday on the hill of St. Patrick, where the St. Patrick's lighted the Paschal fire in the year 435.

With solemn ritual the flame was relit, the first religious ceremony since the hill since the reformation. All bishops of the northern provinces were present, as well as 500 priests. Cardinal Marconi, Archbishop of Armagh, said his first official visit to County Meath since his election to the cardinalate, and in order that he might attend.

AMUSEMENTS

RIALTO

Richard Dix, star of "Cimarron," "Secret Service" and other recent romantic hits, has an entirely new kind of role in "Riot of the Dragoons," the dramatic story of a rebellious Manchurian, coming to the Rialto theatre Wednesday to Sunday.

In contrast to the rollicking, light-hearted character he usually portrays, Dix is seen as a cynical, disillusioned shipper of the Chinese river service, with little faith in men and none at all in women.

The romance has a background of the teeming life of a Chinese village, torn by strife and ruthless bandit raids. A prophetic tale of the conditions of the Orient today.

Supporting Dix is Gill Anderson, young Danish actress who created a sensation in Hollywood even before the release of her first picture, "Tall, slender, and with a striking blonde beauty. Miss Anderson is a perfect foil for Dix in this spirited film.

Edward Everett Horton, Zasu Pitts, Arthur Judge and Dudley Digges have important roles in the picture.

Showing for the last time today is "Hell Fire Austin," starring Ken Maynard and his wonderful horse.
